ARTESIAN WELL PUMPS.

The subscriber has purchased this right to
manufacture and sell Christian & Beeler's Double
and Single-Acting Artesian Well Pump, and is
now prepared to answer all orders for the same.

The pump is a new invention and superior to
any now in use. It is proof against frost, and
can be used in wells, 100 feet deep, to water
the ground. The pump is a steady stream at great distance.
For deep drilled wells it is the very best in
use. Also for railroad stations, or for mining
purposes.

NOTICE

Dr. CLACIUS requests us to say that he will
be absent for a short time, and that he leaves
his drug store and business, in his absence.

Calling on Dr. Richard Cropper, who is fully
competent to answer all calls which may be
made upon him, in his line of business.

A little notice in this paper will explain
the reason of his absence.

GORGED.—The warm weather of the past
few days has had a perceptible effect upon the
ice-blockade of our port. About noon on Tues-
day a movement of the ice commenced above the
bridge, but halted in confused masses at
that point. In front of the city, and below,
it tenaciously holds on in the centre, but with an
open channel at either shore, which will
materially facilitate its movements when dis-
lodged from above. "Let it slide."

CORRECTION.—It was stated in the Moline
Independent, of last week, that George
W. Bruner, of Port Byron, who was wounded
at the battle of Fort Donelson, and sent to the
Mound City hospital, was not properly
cared for while in the hospital. Mr. Samuel
Brumer, the father of the young man, wishes
us to say that the statement does injustice to
those in charge of the hospital. His son says
he was well cared for in every respect, and
received every attention he needed. He was
severely wounded in his hips, and the ball
has not, and never will be extracted. But he is
doing well, though his recovery will be
very slow. It is doubtful if he will ever be
fit for duty again. He was three days in a
house near the battle field, and was found
there, by Orderly Sergeant Barry, who had
been sent to the hospital. He was four days
without anything to eat.

Metzger, who was wounded at the same
time, is doing well. Young Deviny, of
Hampton, who was also wounded at the same
time, has nearly recovered.
